

Aquatic Macroinvertebrate Sampling and Identification

Date: Saturday 16th April 2016

Time: 10am - 4pm

Venue: Parc Slip Wildlife Trust Centre & Nature Reserve

Tutor: Ellen Quinton and Evan Hopkins

The course will provide taxonomic and life history information on the most common aquatic macroinvertebrates, hands on experience on how to sample for them and the use of keys for identification.

The course will include the following;

- Field collection and sampling methods
- Aquatic macroinvertebrates; most common families, life histories, protected species
- Identification using keys

The course will include an outdoor field session in which we will collect macroinvertebrates and have the opportunity to have a more detailed look and identify them using keys.

Items to bring:

- Packed lunch or money to buy lunch from the coffee shop (tea and coffee is provided)
- Waterproofs and boots for outdoor activities
- Notepad and pen/ pencils
- Camera
